

EGG-SPOTTING

BARROW HILL ROUNDHOUSE

The Easter Egg Hunt With A Difference!

Things are a little different this Easter! So, instead of coming to The Roundhouse for your Easter Egg Hunt, we have 'Turned The Table' and have brought the hunt to you! But this is no ordinary Easter Egg Hunt....

Let us introduce you to EGG SPOTTING!

Barrow Hill Roundhouse is currently home to  7 Steam Engines,  5 Wagons and  4 Diesel Engines

Each Engine, Carriage and Wagon has a unique number to identify it. It is this number that Train-Spotters collect!

Our Engines and Wagons have been left in the yard, amongst all of the others. But we need to find them all and shunt them back in to the Roundhouse. Luckily we have placed Easter Eggs in them ready for our lovely volunteers to find. Can you help us spot them all and write their special number?

THERE IS A TOTAL OF 16 TO FIND!

Play just for fun or enter your answers on this post, on our Facebook Page, to be entered in to a **Free Prize Draw! Win A Family Ticket for a Roundhouse Event, upon re-opening, along with some amazing Barrow Hill Roundhouse Merchandise!**

Simply Private Message us on Facebook with your list of numbers. If we reply with an Easter GIF then your answers are correct and you have been entered in to the prize draw.

ENJOY!
